

Charles Drew Health Center Annual Sustaining Campaign

THE CHANGE WE MAKE TOGETHER WILL LAST FOR GENERATIONS

The Charles Drew Health Center Annual Sustaining Campaign (ASC) offers you the unique opportunity to help provide crucial funding that is used to offset the cost of providing medical, dental, and behavioral health services for the thousands of uninsured/underinsured families served each year.

THE NEED

In 2008, the Charles Drew Health Center Uniform Data System (UDS) report showed the following statistics:

- Charles Drew Health Center provided over \$300,000 in uncompensated medical and dental care.
- Of the 12,238 patients served, 68.9% were uninsured/underinsured.
- Eighty-six percent of CDHC patients lived at or below 100% poverty level.
- Six percent of CDHC patients lived at or below 200% poverty level.

The CDHC Finance Department estimates that the number of uninsured/underinsured will increase by 17% in 2009.
